TCS Affirmative Action Employment Training – TATA CONSULTANCY SERVICE

The purpose of this programme is to improve the employability of unemployed SC/ST (Socially and Economically backward Class) graduates and other backward communities from rural/urban pockets of Murshidabad and Nadia districts of West Bengal from economically deprived families. 205 unemployed graduates completed employability training in six batches at KCCSS for TCS and all of them were employed at TCS and other industries.

ST. JOHN'S SCHOOL

The early missionary priests in the diocese of Krishnagar realized that it is only through education and awareness people's standard of life could be developed, illiteracy could be eradicated, poverty could be reduced and faith based education could be imparted. Therefore the Roman Catholic Diocese of Krishnagar started church based educational institutions, coaching centres for the poor children and later

on some of the institutions turned to be big schools.

St. John School was established in the year 1972 to avail basic education for the poor children of Beledanga (one of the Sub-station of Cathedral parish) area inside the church premise. Previously the classes were conducted inside the church and as the days passed and the strength of the children were increasing and so the diocese built a small building with few class rooms to provide primary education for the poor children.
